

Dear Fifth Grade Parents and Students,

Welcome to fifth grade at All Saints Catholic Academy! This year is sure to be fun, exciting, challenging, and rewarding. More information will be provided as the school finalizes its plans for the upcoming year. One exciting change to anticipate is that we will be combining some Upper School grades for specials, which will allow students the opportunity to get to know peers beyond their homerooms.

School Supplies

The majority of school supplies are provided, however students should bring the following items to school on the first day:

- A leak-proof water bottle
- 1 box of tissues, hand sanitizer, and disinfecting wipes (for the classroom)
- Pencils for your child
- Erasers for your child
- Pencil case/bag
- Student planner (the best ones are those that show the week, not month).
- Math binder (at least 1 inch, but not over 2.5 inches)
- 200 sheets of graph paper
- A ruler
- Two dividers

Students will be required to cover their math textbook. Families may choose to purchase a textbook cover, or make their own.

Summer Assignments

Students should read at least three books over the summer and complete the worksheets linked on the [school website](#). In addition, rising 5th graders received a math packet on step-up day that should be completed – showing all work – and handed in on the first day of school.

Sincerely,

All Saints Catholic Academy
